Skills

About me

UX/UI Designer with 15+ years of experience creating digital products, interfaces and visual systems. Background in graphic design, advertising and digital agencies, currently focused on user-centered product design, design systems and mobile apps.

Experienced collaborating with multidisciplinary teams and transforming complex requirements into intuitive user experiences.

Experience

Lab House Mobile

Jan 2024 - Jul 2026

UI/UX Designer

Led the design and continuous improvement of AI-powered mobile apps, including Summary AI, Invoice Fly, and Super Chat. Designed and optimized user flows, interfaces, and design systems to improve usability and engagement. Collaborated with developers and stakeholders to deliver scalable digital products. Also designed and developed the corporate websites for Invoice Fly and Lab House Mobile.
